Tubers $10.00 Plants $5.00

Plants

My plants are heel cuttings taken from healthy field grown stock. After well started they are grown in a cool house for some time before shipping. Large growers as a rule prefer green plants as the tubers grown from plants are more apt to be healthier than tuber grown stock. They are cheaper and will flower equally as well if not better than tubers if cared for and cultivated. A number of failures have been caused by lack of care and cultivation also to heavy feeding. Use caution and don’t overfertilize. The best time to fertilize whether it be liquid or top dressing, is in August when buds appear. I never put fertilizer in the hill, and never apply liquid fertilizer until after a good rain or watering.

PLAINVILLE, CONN. JAN. 1ST. 1927

To Dahlia Lovers,
I wish to draw your attention to the copy of a letter received from Bristol's leading Florist, in regard to our 1928 introduction.
Respectfully Yours,

C. W. Diggle.

CLANSMAN. Dec. A wonderful color, Apricot Orange center darkening to Jasper pink. A golden sheen is noticeable (Ridgeway's) A. D. S. Certificate of Merit 1926. Mentioned in Garden and Home Builder, Dahlia "Roll of Honor". One of the best cut flowers of its color, carrying 6 to 8 blooms at one time, measuring 7 to 8 inches, on stiff stems.

Plainville, Conn.

Dear Sir,

During the past season we used your dahlia "Clansman" extensively for cut flowers and in funeral work and find it most satisfactory.

The color is beautiful and the stem and form ideal for sprays. We hope in a few years to make this flower as popular for some styles of floral work as 'mums are.

Very truly yours,

Paul M. Hubbard & Co.
Yellow Princess—(Dec.). Here we have a gigantic yellow decorative that is in a class of itself. Somewhat like Queen of the Garden Beautiful. But much richer color very strong grower and placed on long stiff stems. The rich golden yellow of immense size attracts every dahlia lover and will when better known be in great demand. A.D.S. Certificate of Merit 1926. Gold medal A.D.S. Show at New York 1927. Garden and Home Builder honor roll. Featured in my Gold Medal Exhibit at New York, 1927.

Delphinium Seedlings

1. The past season I raised several thousand Delphinium seedlings from the very best (imported) seed to be had. My success at the shows and numerous inquiry for seedlings out of 3 in. pots I have decided to list some this year. Note - if you are interested in the very best and newer types and colors of delphinium, there can be no mistake here. My seedlings are all grown from seed which is selected (from named parent) hence the superior quality and size of bloom. And the seed is imported from one of the best growers to date.

2. Seedlings from named parents such as Advance ment, Oliver Creaves and Noah Phillips which are the very newest and best out of 3 in. pots spring delivery.

$12.00 per dozen

Seedling from named parents such as The Villian, Rose Marie, Cambria, The Bishop and Monarch of Wales. Out of 3 in. pots spring delivery

$6.00 per dozen

No order for less than 6 and no order from either assortment for one variety only there will be some of each parent included.
